5. How are you currently using technology in your learning as a student? (Check all that apply)

I do not use technology

I read my syllabus online

I obtain my class materials, such as readings, online

I use email to communicate with my instructor(s)

I use chat rooms or discussion lists in my classes

I use selections from audio and/or video resources as examples

I use an iPod

I use Podcasting

I use PowerPoint to present in my classes.

I use the web to research for my classes.

I use videoconferencing to participate with my instructors.

I use videoconferencing to participate with my classmates.

I use videoconferencing to participate with my family and friends.

I use webcams for virtual contact with my instructor.

My assignments include watching movies/television/live theater

My assignments include visiting discipline-specific web sites

My assignments include using electronic resources such as simulations and games that are not on the web

My assignments include giving presentations in class using a computer/projector and presentation software such as PowerPoint

My assignments include creating a website

My assignments include creating a digital video

My assignments include using program or equipment specific to my discipline, (statistical programs, lab equipment, etc. etc. etc.

12. Please select the factors that you feel are the greatest barriers to using technology as a student: (Please choose up to 3 items)

- Not enough time
- Not enough money to purchase the equipment and software you need
- Insufficient computing infrastructure (servers, bandwidth, storage capacity)
- Insufficient computing facilities (labs, technology-equipped classroom)
- The college owns equipment/software you would like to use, but gaining access to the resources is too difficult or inconvenient.
- Not enough training offered in the areas that interest you.
- Not enough people to help you when you have problems with technology.
- I am not interested in using technology.
- I do not perceive any barriers to using technology.

13. Which of the following would make using technology easier for you? (Choose up to 3 items) Please elaborate on your selections.

More time to work on technology projects

More money to purchase software and

equipment

Better
computing
infrastructure

Better
computing
facilities

Making
resources
more easily
accessible

Improving the
training
program

Improving
access to
technical
support staff
